#### INDEX CANADIAN PERSONNEL AND INDUSTRIAL RELATIONS JOURNAL

This index has been compiled so that quick and simple reference may be made to important articles which have appeared in the last nine years of the Canadian Personnel and Industrial Relations Journal.

All major articles are listed alphabetically by the titles under which they originally appeared in the Journal. Such things as news items, editorials and book reviews are not indexed, but some smaller articles of use for reference are included. Items marked with a star (\*) originally appeared under the general heading "How We Do It."

The author index is alphabetical and the numbers cross refer to the title of the articles listed in the main index.

Major subject headings are listed and numbers refer to the main index also.

Index prepared by J. E. Boyd under the supervision of

J. A. McIntyre, Director, Summer School  
and Extension Department, University  
of Western Ontario.
